ROLL'D VIETNAMESE AT HOME

From a single store in the bustling heart of Melbourne's CBD to more than 100 locations nationwide, Roll'd Vietnamese is a true Australian business success story. Now the Roll'd family has released a range of pantry items and condiments for you to create your own Vietnamese masterpieces at home, using vegan-friendly and preservative- and additive-free ingredients. Available at Coles supermarkets.

STRANGELOVE

We're suckers for good branding – and StrangeLove drinks co has struck the perfect balance between cheeky and upscale. Their beverage offerings range from tasty lo-cal sodas and sparkling mineral waters to punchy spirits, mixed drinks and premium mixers packed with botanicals. Try the Watermelon Tonic: you can't beat it.

CLARENCE DISTILLERY

Up in the Clarence Valley things run on Yamba Time – which means the utmost care is taken to distil, bottle and savour these handcrafted spirits. Local fresh produce farms and nearby sugar cane plantations provide the ingredients and botanicals for their lemon myrtle vodka, dazzling Ruby Rosella Gin and 'The Duke' dry gin.

ALG SEAWEED

We had to include something just a little bit healthy! Alg's delightful shakers deposit iodine-rich seasoning on any meals of your choice. Ditch the standard salt and pepper and opt for extra flavours that will actually do you good. Hot tip: sprinkle some Rainbow Seaweed Seasoning on your smashed avo and poached eggs.
